

# INSTRUCTIONS FOR USE OZENIE PRESTASHOP

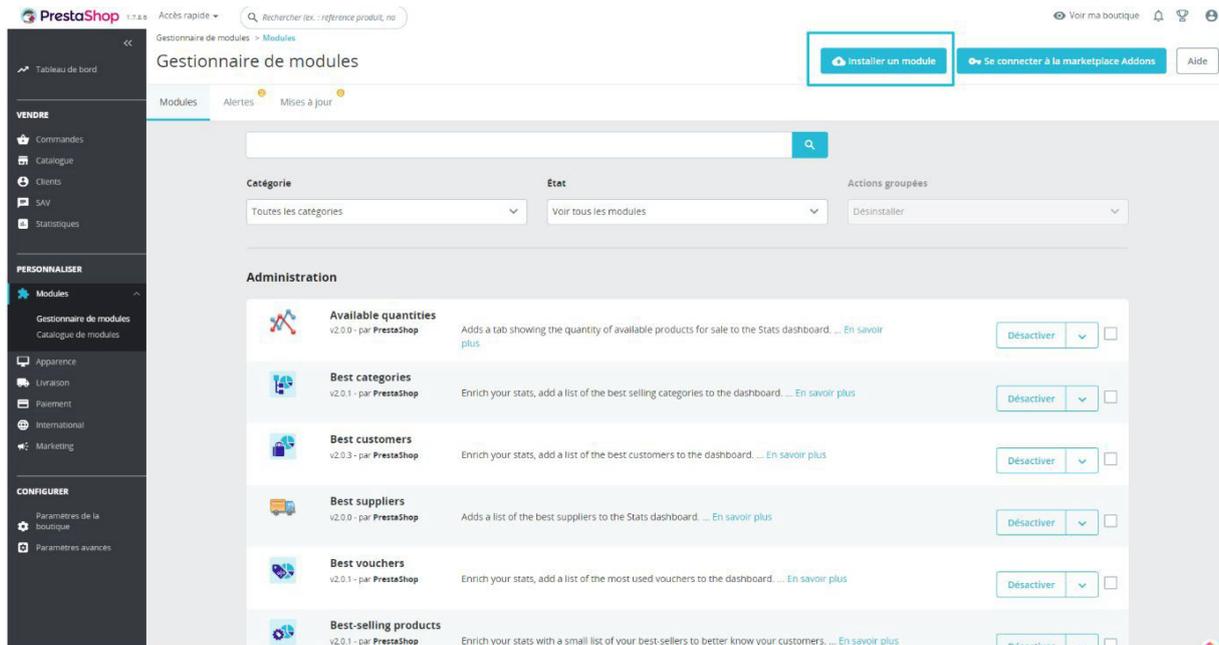

After purchasing and then downloading the “ozenie.zip” file. Login to your PrestaShop. Click on “Modules” in the left menu.

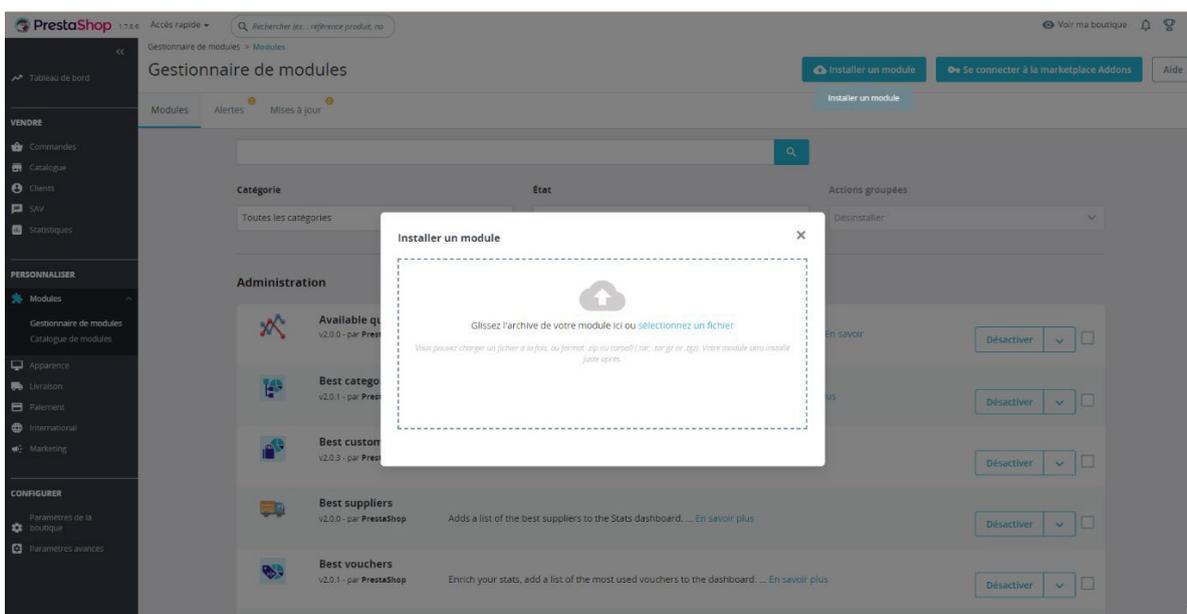

Then click on “Module Manager”.

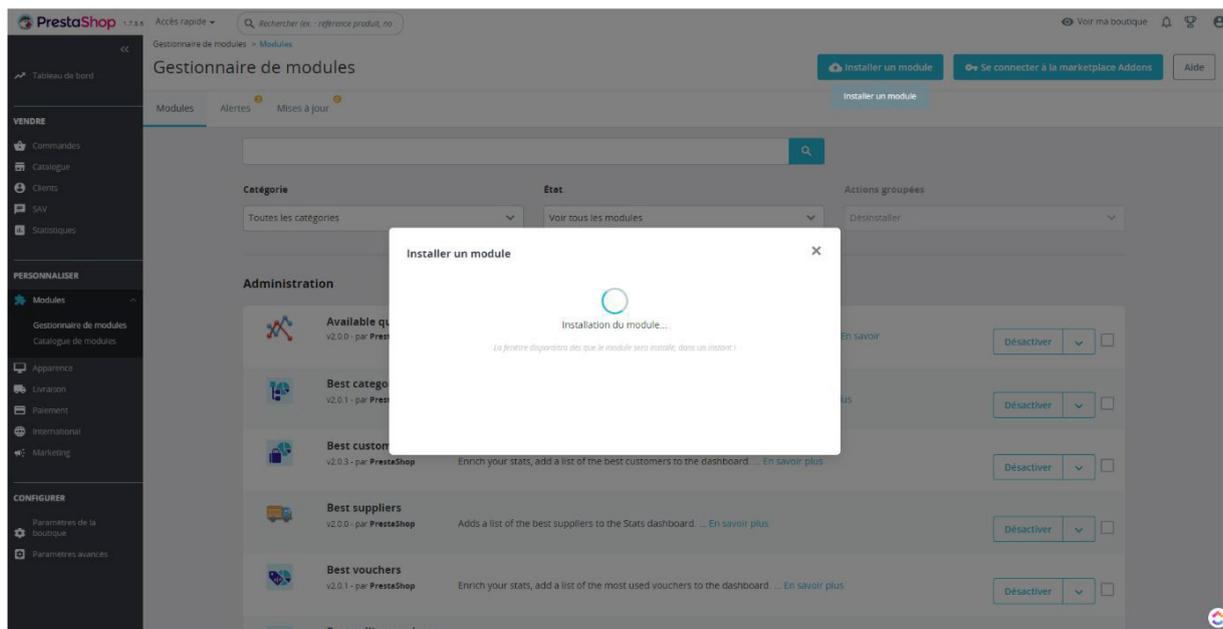

## Press the “Install a module” button

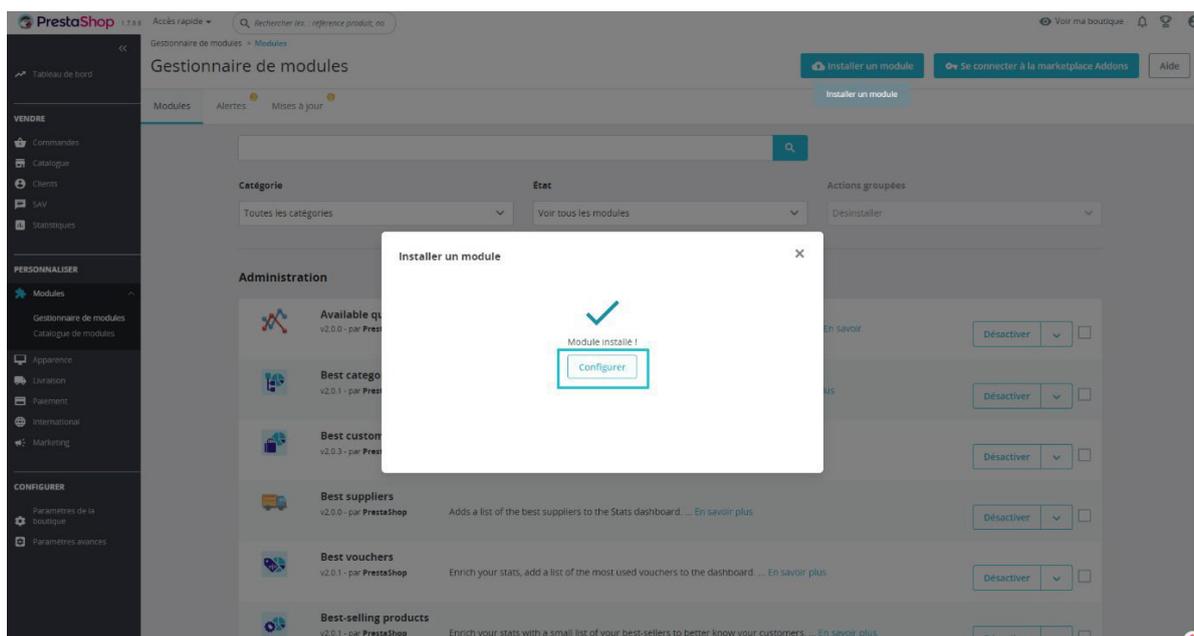

## Then, click on “select a file” in the box in the center of your screen.,

In the files of your computer, look for the file “ozenie.zip”. Click on it and then press “Open”.

After that, tap on the “Configure” button in the box in the center of your page.

**Log in with your email address and temporary password received previously by email, or create your account in the second box.**

The screenshot shows the PrestaShop configuration interface for the Ozenie API. It is divided into two main sections:

- Ozenie API: connection:** This section contains a form with two fields:
  - \* Email:** An empty text input field.
  - \* Mot de passe:** A password input field with a strength indicator. Below it, a list of requirements is shown:
    - minimum neuf caractères.
    - une majuscule
    - une minuscule
    - un chiffre
    - un caractère spécial
 A blue **Connection** button is located at the bottom right of this section.
- Ozénie API: create account:** This section contains a form with three fields:
  - \* Email:** A text input field containing the value "contact@ozenie.fr".
  - \* Nouveau mot de passe:** A password input field with a strength indicator.
  - \* Confirmer le mot de passe:** A second password input field for confirmation.
 A blue **Register** button is located at the bottom right of this section.

**Enter all the information about your business. Be careful, the information with a red asterisk \* is mandatory.**

The screenshot shows the PrestaShop configuration interface for updating Ozenie API account information. A green success message at the top reads "Connection successful! Settings updated". The main section is titled "Ozenie API: Maj des informations du compte" and contains a form with the following fields:

- \* Raison social:** A text input field containing "OZENIE SAS". Below it, the text "Raison Sociale societe" is visible.
- \* Adresse:** A text input field containing "29 Avenue de la Mer". Below it, the text "Adresse ligne 1 societe" is visible.
- Complément d'adresse:** An empty text input field. Below it, the text "Adresse ligne 2 societe" is visible.
- \* Code Postal:** A text input field containing "97434".
- \* Ville:** A text input field containing "Saint Gilles Les Bains".
- \* Pays:** A dropdown menu with "France" selected.
- Province:** An empty text input field. Below it, the text "Nom de la province pour le Canada ou USA" is visible.
- Telephone:** A text input field containing "060606060".
- Télécopie:** An empty text input field.
- Mobile:** An empty text input field.

Click the blue “Update” button when you're done.

The screenshot shows the PrestaShop configuration interface for the OZenie module. The left sidebar contains navigation menus for 'VENDE', 'PERSONNALISER', and 'CONFIGURER'. The main content area is titled 'Configurer OZenie' and contains the following fields:
